

WHO AM I?

Claire Guyot, a French graphic design student, currently in Toulouse, at the Lycée des Arènes, for my postgraduate degree.

Type design lover, enjoying books, loving handmade textures, bichromy and and abstract patterns.

I like to explore new ways of creating, of thinking. I am really open-minded, and I love to discover new situations, imagine new solutions, as I also enjoy meeting people and other cultures.

EDUCATION

2017- 2019
